ITA Software Renews and Expands Headquarters Lease

(Cambridge, May 3, 2006) - ITA Software, the leading provider of innovative airline IT and services, has recently extended and expanded its headquarters lease at 141 Portland Street in Cambridge, MA to 56,747 square feet (SF). Darryl Morse, senior vice president and office head of Equis Corp's Boston office, represented ITA in the transaction and Richards Barry Joyce & Partners represented landlord Intercontinental Real Estate Corp.

ITA Software, the largest tenant at 141 Portland Street, currently occupies office space on the entire sixth and seventh floors totaling 31,784 SF and sub-leases another 8,786 SF on the eighth floor. In the recent transaction, ITA will take an additional 15,907 SF on the entire fifth floor. All leases on floors five, six and seven were negotiated to be co-terminus for a five-year term.

"ITA Software was very pleased with the outcome of this most recent real estate transaction and that the building can accommodate our rapid expansion. We enjoy being in the heart of Kendall Square area and benefit greatly with its close proximity to MIT. Further, our strong relationship with the landlord made this a winning situation for all parties involved." says Craig Stelmach, who negotiated the lease on behalf of ITA.

The added space is needed to accommodate the rapidly growing company. With over 220 employees today, ITA Software is looking to hire 100 more this year.

"We've always been in Kendall Square, the heart of the computer science community." explained Jeremy Wertheimer, president and CEO of ITA Software. "We are happy to expand our Cambridge headquarters as we continue to grow our company."
